Add your card to a merchant

1 Open the merchant's payment settings

On the merchant site — such as **Amazon** — go to **Payment methods** and choose **Add a credit or debit card**.

2 Copy from the Sleek app

Open your virtual card in Sleek and copy the number, expiry and CVV.

3 Paste and save

Paste each field into the merchant form and save it for recurring payments.

Please note: the virtual card can currently be added to **Google Pay** only — **Apple Pay is not yet supported**.
